Jim

Joe Vranka is checking on a fact sheet. Since this site was just listed last September not sure if we have one developed beyond what you found for Sept 2016. If not we might be able to develop something for you today.

Somehow the Administrator heard about this site from another cabinet official. Current owner is interested in somehow disposing of the site. Pruitt seems to think this could be development oppty. (another note to come on that exercise in a few).

Can you let me know whether R 8 has a fact sheet on the site? – attached is what we have, but it is somewhat dated. Otherwise, we would take the one pager and drop the bottom part – why list? – and attach map and send up.

Jim,

Attached are the Site Characterization Form and the one page narrative summary from listing. The site was added to the NPL on September 9, 2016.

Please let me know if you need anything else.
